Work History

Atlantic Pool Service Inc - Certified Lifeguard, Lifeguard Manager
07/2020 - 09/2023

- Observed weather and water conditions and alerted visitors to potential dangers, storms, and rip currents.
- Learned and maintained proficiency in first responder skills such as First Aid and CPR to offer individuals in distress optimal support.
- Monitored the safety of guests in and around theswimming pool.
- Scrutinized pool deck area to prevent possible injuries or fatalities, minimizing emergent situations.
- Became a pool operator and got a pool operator's license
- Inspected pool during shift and skimmed toys and trash that could clog pool pump.
- Managed other lifeguards when the manager/assistant manager/head guard all left for college by August
- Selected to be manager for two consecutive years until I had to leave for college
- Held private and group swim lessons

Lifetime Fitness Athletic - Certified Lifeguard, Swim Instructor
11/2021 - 09/2022

- Provided valuable swim instruction to patrons of various ages to build confidence, strength, and skills in positive learning environment.
- Completed basic maintenance and repairs to keep pools functioning properly.

- Lifeguard Operations

Activities

Community Service (Volunteer)

- Founder of Non-profit Organization, Totez4Totz
- Sell sustainable tote bags at the local farmers market designed and decorated by children to raise money for school supplies for the Patrick Henry Homeless Shelter
- Annual event, every summer
- Raised $500 at our very first day

- Attentively monitored swimmers to identify distress.
- Made sure patrons of the pool area are my first priority
- Trained to be the most educated and certified person in the Lifetime Fitness gym facility as a whole and accepted responsibility
- Learned to be responsive at all times especially when working alone

Extracurriculars

I have participated in a hackathon at Thomas Jefferson High School for Science and Technology, the Virginia Tech Hackathon, and attended a Biocode competition as well. I have used these events as opportunities to further my interests in the Computer Science fields and also get to learn about how to connect with others that will help me further my career choice. For the four years of High School, I have been a member of National Honor Society, Oakton High School's medLife, and CSCS club and have been involved in my high school's women's basketball program. This past summer, I organized a non-profit organization and sold tote bags at the local farmers market to raise money for the Patrick Henry Homeless shelter and bought school supplies with all of the proceeds. I look forward to continuing this organization annually.

Activities

Computer/Technology
- Computer Science and Cybersecurity Club Mentor
- Expanded membership and interest at my school's first computer science club through sharing my knowledge and experience with new and existing members

Computer/Technology
- Competing member of Hackathon, Thomas Jefferson Hackathon
- Coded with C++, JavaScript, and HTML for the first time to create my first webpage, which was a self-run Pomodoro study method with access to study resources

Computer/Technology
- Competitor at the Thomas Jefferson BioCode, Thomas Jefferson Bioinformatics Society
- Solved real-world genetics and biology problems through coding their solutions and matching DNA pairs
- Collaborated with my partner through teamwork; helped expand interest in Bioinformatics **Computer/Technology**
- Worked on my own summer coding project and learned about web scraping to utilize the data available online in a program that produces. results based on the data

Community Service (Volunteer)
- Creator of annual clothing/supply drives for Iran
- Every summer, I opened this opportunity to give back to my community for donating useful supplies and clothes to a small village in Iran that struggles with poverty

Foreign Language
- Creator of a Language Learning Program
- Shared my knowledge of Farsi with Persian-American kids of various ages; connected with my culture; reimbursed my own learning of my first language **Athletics**
- Women's Basketball Team Member in High School
- Excelled in team work; strengthened my skills to aim for a specific goal efficiently; created an inclusive field for my teammates; built resilience **Best Buddies Club**
- Associate Member of my High School's chapter of Best Buddies
- Built close-knit relationships with kids with disabilities; developed leadership and communication skills through initiating and organizing engaging activities for the club

06/2023
Oakton High School
Vienna, VA
High School Diploma
- 4.2 GPA
- Enrolled in 10 Advanced Placement Classes
- AP Scholar Award
- Honor Roll

Computer Science Courses Taken in High School
- AP Computer Science A - Java
- Advanced Computer Science AB Data Structures and Algorithms - Java
- Programming - Python
- Advanced Programming 2 - Python
